18 weeks -- \$3.00/pound

1 pound/week = \$54

1.5 pound/week = \$81 (3 blocks every two weeks)

2 pound/week = \$108

.....
Dear Friends of Hope's Edge CSA,

We hope this letter finds you healthy and nourished. Heiwa Tofu is growing and thriving. We are now in our 10 year of business and entering our fourth year of ownership in 201 West St in Rockport. It's been a blessing to own a building in such a central location. Our business has grow by an astounding 60% in 2018! Thanks to all of you that have helped to support this growth! We've recently installed a larger walk-in cooler. It is a good thing, as we are now shipping over 4000 pounds of tofu per week and our little 8x10 walk-in was often busrting at the seams. A few more upgrades are planned for this year, though we are in great shape to continue growing our production without needing too much in the way of either equipment or building upgrades. Our team is a spectacular group. Cole is coming up on finishing his third year at Heiwa, and Matt has just about 2 years under his belt. Leif is coming up on his one year anniversary, Cheyenne, 6 months, and our newbie Chris appears to be another real keeper! We are so fortunate to have such a loyal, good natured, caring and hard working crew. We are always looking to add new members, so please spread the word if you know of any likely candidates.

We are offering a weekly organic tofu share through Hope's Edge Farm again, thanks to Tom and his dedicated crew. We appreciate your support through the CSA model and look forward to bringing you delicious tofu this year. The share consists of 16oz vacuum sealed tofu. The unopened shelf life is approximately 60 days. Our soybean supply for the rest of the year will be coming from two farms: Plainville Farm in Hadley, MA and Haymart in Patten, ME. Both farms have unique stories and it is an honor to be able to build relationships with them. The Plainville soybeans are making some of the best tofu we have ever made. We plan to start mixing them with the Haymart beans in order to stretch their goodness out for the rest of the year.

Please reserve your share by sending the form below and a check payable to "Heiwa Tofu" by June 1st: Heiwa Tofu, 1 Woodcrest Ave, Camden, ME 04843. If you have any questions: email jeff@heiwatofu.com or call 236-8638.

Warmest wishes,
Jeff and Maho
